Scouting The Shops

with Sally

Here it is election time already and all the men-folks getting so mad and excited that the sound of their voices makes you jumpy.

In the midst of all the shouting and the furor, we'd like to offer a timid platform of our own. Of course we are only a woman, but it seems to us, taking the long-range view, the only thing that really matters is good food.

Of course tax rates and polls and things like that are awfully interesting, but still there is nothing that quite takes the place of beefsteak and onions, is there?

Now we have no axe to grind (except with the Editor and we're afraid he'd use it on us anyway) and we are interested in just one thing. We want to save the taxpayers money!

Voters and candidates and friends! Buy your election needs in Daly City! This is our platform.

And so we point with pride to the following election necessities:

1. Aspirin tablets — Edward's drug store, 19c—and don't forget sterilized gauze, 5 yards for 39c.

2. Straight whiskey — Gelsi's Place, eight-years-old, pints, $2.05.

3. Tomatoes—Westlake Market, nice and firm now, but will soften if left for a few days in the sun.

4. Free candy for the kiddies—Stan's Standard Station on Junipero Serra. (For the kiddies under six months, best stick to a pat on the head.)

5. Rubber heels — 25c a pair at Bosco's Shoe Store.

6. Willys car, guaranteed to go 100,000 miles — any direction.

7. Baloney — Sliced or otherwise, Farmers Meat company.

8. Eggs — to hard-boils, follow the simple directions on the package, Robertson's Egg Store.

9. Cold shoulder — try standing for a few moments near an open door of the new Frigidaire, $119.95, see A. M. Harrison.

10. Spinach — garden-fresh, 5c lb., Knoll's Market.

11. Acrobatics — See Jack Carney dance studios if you're wobbling on the fence.

12. Beer — barrels of it. Recommended for politicians. Donati's Place.

13. Lemon souffle pies — 17c, Waxman's Bakery.

14. Phonograph records — all purposes, Byrne Radio Store.

15. "Invisible Stripes" — Daly City Theatre, now available.

16. Free prizes — best not count too heavily on election. Try the benefit whist next Tuesday night for Daly City Juvenile Drum Corps.

17. Fish — fresh every Friday and vote any way you say — Milo's Market.

18. Door chimes — no jangling racket to send the housewife over to the opposition. H. H. Smith Lumber Yard.

19. Soft soap — make it with Crystal White Soap, at special prices during election, Colma Pioneer Grocery.

20. Clam chowder — there are few enough clams in the world right now. Visit Thery's Home-Cooked Foods company.

21. Cream of the Crop — Mission Manor's new cream-separating bottles—with lots of cream to separate.

22. Clean-up Campaign — Make Beeson Cleaners your headquarters.

23. Plums — only in cans, but they don't cost much. Del Monte canned food sale, Lucca Ravioli company.

24. Soft drinks and ice-cream — drown your troubles at Geneva Bakery.

25. Hot sauce — much superior to the usual "hot water." 3 cans for 11c, Vireno's Market.

26. Tomato juice — for the morning after election night—see Daly City Cut Rate Market.

27. Bouquets for everyone — Bungalow Nursery.

Castor Plant Products

The castor plant is used in the manufacture of lubricants, medicine, flypaper, paints, soap, linoleum, printing and sulphonated castor oil.

Keep Smiling

Tom Himself

"Oomph Girl"

Ann Sheridan, the "Oomph Girl," sings tunes from her new picture, "It All Came True," when she guest stars on "Tune Up Time," over Columbia network, Monday, April 8. Humphrey Bogart, co-starred with Ann in the film, will also appear on the program. "Tune Up Time" will be heard from Hollywood during the next six weeks (Mondays) so that the singing master of ceremonies, Tony Martin, may work in a new film musical in which he is starred. Andre Kostelanetz's famed 45-piece orchestra will play the "Inventions Medley" on April 8 to celebrate the 150th anniversary of the founding of the U. S. Patent Office.

Give Benefit Whist For Drill Team

A whist party for the benefit of the Daly City Juvenile drill team and drum corps will be held Tuesday, 9 p. m., at Theatre hall.

Mrs. Jane Pearlman, Mrs. Fannie Kanter and Miss Rose are co-chairmen for the affair.

A cash first prize and four cash door prizes are to be given. Proceeds will be used to buy drums and equipment for the drum corps. The public is cordially invited to attend.

U. S. Leads in Chemistry

Prof. E. J. Crane of Ohio State university, editor of Chemical Abstracts, has reported that the United States leads the world in chemistry. Germany has dropped to third place and Great Britain to second. Professor Crane's report is based on an analysis of 65,000 chemical discoveries.

A Fried Egg For Dessert!

HOW about a fried egg on toast for dessert, with a steaming cup of coffee? You guessed it—it's April Fool's Day and the "fried egg" actually is a peach of a dessert. Fool the family with it on April 1st—but don't fool with its coffee accompaniment. Poor coffee is no joke—so make it right and you can't go wrong with the suggestions for good coffee and directions for April Fool Desserts that follow.

In the illustration is a peaches and cream dessert. A slice of sponge cake (cut in toast form) is the foundation; half a canned peach (served cut side down) is the "yolk" of the egg and whipped cream is the white—a dessert that proves appearances are deceiving. There's nothing funny, though, about your coffee . . . strong enough—spoon to each measuring cup of water—and serve it fresh and hot if you want to keep the joke from going too far! Invent your own "April Foolers."

Mock Drumsticks

¾ lb. veal shoulder, ground
¾ lb. beef chuck, ground
1 teasp. salt
3 tbsps. chili sauce
Few grains pepper
1 tbsp. chopped onion
1 tbsp. chopped parsley
1 teasp. Worcestershire sauce
Fine dry crumbs
Fat

Combine veal, beef, salt, chili sauce, pepper, onion, parsley and Worcestershire sauce. Shape like chicken legs. Roll in crumbs. Fry in shallow fat or salad oil 10-15 minutes. Drain. Insert wooden skewer in narrow end of each drumstick. Place paper frill on end of each skewer. Makes 6 servings. Note: To make mock sausage form into rolls ¾ inch thick and 3 inches long.

This Month's STAR RECIPE

By BETTY BARCLAY

As lemon meringue pie is a favorite with both young and old, I have chosen the following as this month's star recipe.

Try it and see if you don't agree with my choice. Yes! I am giving the meringue recipe also. Follow both carefully and your dessert that day will be a thrilling dinner finish.

Sunkist Lemon Meringue Pie

1 cup water or milk
¾ cup sugar
¼ teaspoon salt
1 teaspoon grated lemon peel
5 tablespoons cornstarch
½ cup cold water
2 well-beaten egg yolks
1 tablespoon butter
6 tablespoons lemon juice

Bring water or milk, sugar, salt and lemon peel to a boil in saucepan on direct heat. Add cornstarch, blended with ½ cup of cold water. Cook over low heat, until thickened (about 5 minutes), stirring constantly. Remove from heat. Add separately, mixing well after each addition, the egg yolks, butter and lemon juice. Pour filling into baked pastry shell.

When filling is cool, top with a meringue, made from:

2 egg whites
4 tablespoons sugar
1 teaspoon lemon juice

Beat egg whites until frothy. Add sugar gradually. Continue beating but only until egg holds its shape in peaks. Fold in lemon juice. Brown pie in moderate oven (325° F.) for 15 minutes. (Makes one 8-inch pie.)

Note the three lemon pie tricks that are followed in this recipe. Trick one — add lemon juice and egg to pastry mix — result, flaky crust of a superior tenderness. Trick two — cook filling first, then add freshly squeezed lemon juice after the cooking flame is out — result, a filling fragrantly fresh in flavor. Trick three — add a little lemon juice to the meringue — result, a more tender, easy-to-cut meringue.

DALY CITY SHOPPING NEWS Friday, April 5, 1940

"No Ugly Women" Is Amazing Verdict Of Glamorous Star

"There are NO ugly women!" is the encouraging news from Constance Bennett, glamorous Hollywood actress, whose specially-prepared cosmetics will soon be available to feminine patrons of the Daly City theatre.

"But there are women," continues Miss Bennett, "who fail to make the most of what they have. The right beauty aids are as important as the right clothes."

Knowing that there are no finer beauty aids on the market than the cosmetics used by Miss Bennett, herself, The Daly City theatre is sponsoring ten Constance Bennett matched cosmetic nights, beginning April 8. Each Monday night, every woman attending the Daly City theatre will be given one of these items absolutely free.

Created for Miss Bennett's personal use by an expert chemist, these cosmetics have been widely used by other stars of stage and screen and featured in exclusive New York and Hollywood shops.

On the screen next Monday night, Preston Foster and Ellen Drew will play the leads in "Geronimo," and Pat O'Brien and Edward Arnold in "Slightly Honorable."

Why Be

A Stay-At-Home?

It's really simple and economical to join the fun on Mondays.

Let us take Washday Drudgery off your hands. You'll be more than pleased at the snowy whiteness and expert service we give those troublesome linens and shirts.

You'll be amazed, too, at our reasonable prices. Phone HEmlock 6623 TODAY. Let us explain our nine services:

1. Finish Work
2. Flatwork Special
3. 20 Pieces for $1
4. Dry Wash
5. Damp Wash
6. Thrift Service
7. All Dried Service
8. Economy Service
9. Rough Dry

NEXT MONDAY NIGHT

DALY CITY THEATRE

Jack Carney Opens New Dance Studio

Jack Carney, international dancer and producer from Hollywood, has opened a professional dance studio in Daly City. Classes are held every Saturday morning, beginning at 9 a. m., at Theatre hall.

Mr. Carney, who has trained such screen successes as Miss Betty Grable, announces that he plans to produce a revue with his students in the very near future. He said it would be available for the entertainment of local organizations.

Tap, acrobatic and ballet instruction is offered at the new school, as well as singing and piano lessons. Those interested in enrolling will be interviewed any Saturday morning at Theatre hall.

SOUPS for Windy Spring Days

Bean Soup with Spanish Garnish is a fine start to a meal on a cold day.

Fish and Soap Chips

Charles Paxton, Sweetwater, Texas, Boy Scout leader, volunteered to fry some fish for a camp supper. He dressed them and rolled them in meal, but something was wrong. A "tenderfoot" friend discovered that Paxton had "mealed" the fish in soap chips.

Biggest Building

The biggest building in Europe is the Palace of Justice at Brussels. It covers an area 12 per cent greater than that of St. Peter's at Rome.

Champion Gas-Mask Wearer

Champion gas-mask wearer of all Soviet Russia is Private Ivan Soloshenko, of the Far Eastern Red army. He won the honor by wearing his mask for 2,520 hours, removing it only to eat his meals.

Stockings for a Queen

Weaving is one of the oldest arts, but knitting was not discovered until about 1400. Some 200 years later, Rev. William Lee of Nottingham, England, invented a knitting machine. He knit a pair of stockings for Queen Elizabeth but she was reported as disappointed because they were coarse. Rev. Lee then perfected a new machine, and knit the queen a pair of silk stockings.

China's Co-operative Societies

More than 3,000 co-operative societies, designed to aid China's prolonged resistance to Japanese invasion, have been organized in Fukien provinces.

CCC Extended to 1943

Congress has extended the Civilian Conservation corps to June 30, 1943.

Endorsement

At their regular meeting held Tuesday Evening, April 2, 1940, the Community Welfare Association of Daly City unanimously passed a resolution endorsing the candidacy of Edmund T. Cavagnaro and John J. Fahey for City Councilmen of Daly City.

Contained in the resolution was a report of their record and service to the community as outstanding representatives. The association further went on record to aid these candidates in the coming election.

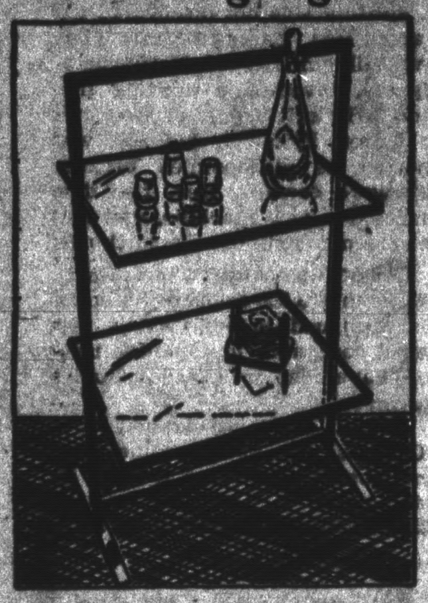
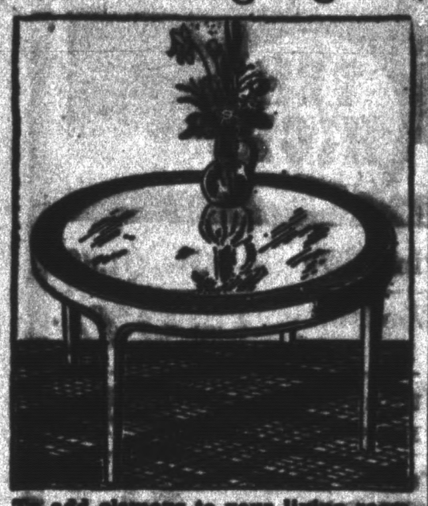
Incumbent Edmund Cavagnaro

Home Highlights



This little table of polished chrome and polished plate glass will fill a versatile role in any home. The leaves swing back vertically to form a screen which is both ornamental and useful to check the hang of a skirt or a stocking seam. Open, it is excellent for serving cold dishes or hot glasses cannot mar its surface.

Home Highlights



To add glamour to your living room consider this simple but gracefully designed table which would be equally at home in a traditional or modern setting. Of blonde mahogany, it has a mirror top of polished plate glass which gives added beauty to flower arrangements and ornament alike.

Slate Roofs

When the roof of a home is renewed, the matter of weight of the material selected must be studied carefully. If the old roof is of wood shingles, it is often possible to cover it without removing the old shingles, but if a heavy material, such as slate, is used, the frame must be checked to see if it will safely carry the added weight.

Extent of Leprosy

It has been estimated that 3,000,000 persons in various parts of the world are afflicted with leprosy.

Most Abundant Fuels

Of the three natural fuels available in the United States coal, gas and oil, coal is the most abundant.

Bok Peace Award

In 1923 Edward Bok, the philanthropist, founded the American Peace award, offering $100,000 for the most practicable plan to establish and preserve the peace of the world.

U. S. Cigarette Manufacture

Three cities in North Carolina—Winston-Salem, Durham and Reidsville—manufacture over half of all the cigarettes produced in the United States.

Chewing Gum Base

The basic gum entering into the manufacture of chewing gum is chicle obtained by coagulating the milk, or latex, of the Sapota tree of Central America.

Automobile Ownership

Only one-quarter of America's 24,000,000 automobile owners have incomes of $80 a week or more, according to a survey reported by a South Bend, Ind., manufacturer.

Under these POTATO PUFFS is Ham-Chicken Pie

Dorothy Greig

OVEN baked foods have the happy faculty of always looking appetising. They're usually either browned on top or else sizzling as they emerge from the oven. And in either case the mere sight and smell of them rouse appetite and keen anticipation. Oven baked foods live up to their looks, too. They taste good, and no mistake.

For instance, take the one pictured here. As the serving spoon dips down through the tender puffs of potato on top, it reaches smoking hot ham, chicken and carrots, simmering in a savory mushroom gravy. A dish to make any man contented with his lot! Difficult to make? Not at all!

Ham-Chicken Pie:

1 can condensed cream of mushroom soup
1 can condensed chicken soup
1 cup chicken, diced
1 cup boiled ham, coarsely chopped
1½ cups diced carrots, cooked

Mix the chicken soup into the cream of mushroom soup. In the bottom of a buttered casserole pour one-half of the soup mixture. Then put in ½ cup diced chicken, ½ cup coarsely chopped ham and ¾ cup diced carrots. Add the remaining soup and ingredients and cover with Potato Puffs.

Potato Puffs:

2-4 medium sized white potatoes
½ teaspoon salt
1 pinch of pepper
2 tablespoons butter
1 egg, separated

Peel and cook the potatoes in boiling water until soft. Mash or put the potatoes through a ricer and add the butter, seasonings and egg yolk and mix thoroughly. Beat the egg white separate and fold into the mashed potatoes. Drop by spoonfuls on top of the pie and bake in a moderate oven (350°F) 25-35 minutes.

Desserts From Cans

—By Frances Lee Barton—

WE all have canned fruit juices and fruits on our emergency shelves. Here are some recipes that will enable you to utilize these cans and prepare novel, delicious tasties at any time:

Canned Fruit Tapioca

2½ cups canned fruit juice and water; 4 tablespoons quick-cooking tapioca; ½ cup sugar; ¼ teaspoon salt; 1 to 1½ cups prepared canned fruit; 1 to 3 tablespoons lemon juice.

Combine fruit juice and water, tapioca, sugar, and salt in saucepan and mix well. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin. Do not overcook.) Add fruit and lemon juice. Cool, stirring occasionally — mixture thickens as it cools. Chill. Serve in sherbet glasses with plain or whipped cream. Serves 6 to 8.

For Apricot, Plum, or Prune Tapioca, use 1½ cups diced canned fruit and 1 tablespoon lemon juice.

For Pineapple or Raspberry Tapioca, use 1 cup canned crushed pineapple or canned red raspberries and 1 tablespoon lemon juice.

For Peach Tapioca, use 1½ cups diced canned peaches and 2 tablespoons lemon juice.

For Cherry Tapioca, use 1½ cups canned seeded red cherries.

Shanghai Child Refugees

Smiling for the first time in months, 400 child refugees in Shanghai were transferred to Chekiang province where they are beginning life anew.

In cold weather we like our SALADS HEARTY

declares Dorothy Greig

WHEN grannie took to serving salads frequently, she reckoned without granddad.

"Rabbit food", "new fangled foolishness", he snorted fiercely when faced with a salad. "Now, Will", grannie would reply comfortably, "don't you be an old stick-in-the-mud. That salad tastes good." Under her gentle clucking urge, granddad found himself eating more and more salads and eventually, though he wouldn't admit it, with actual enjoyment.

Nowadays, salads are such a matter of course on our tables we forget it is only within the past few years that such has been the case. Green salads are among the health protective foods. All green salads are good. When days turn cold, however, we make our salads more substantial.

The hearty winter vegetables, either cooked or raw, form colorful, zestful salads:

Winter Vegetable Salad Bowl

2 cups cooked cauliflower
1 cup cooked string beans
1 cup cooked beets
6 cooked carrots (cut into fourths lengthwise)
½ head lettuce

Arrange lettuce in a salad bowl. Arrange the cooked cauliflower, string beans and beets in separate piles. Then place 6-8 long pieces of carrot between each pile of vegetables. Chill ½ hour in the refrigerator and serve with Tomato-French dressing. Serves 5-6.

Tomato-French dressing is a non-separating version of French dressing:

Tomato-French Dressing

1 tablespoon dry mustard
1 teaspoon salt
3 tablespoons sugar
⅛ teaspoon pepper
1 tablespoon grated onion
1 cup oil (olive or salad)
⅓ cup vinegar
½ can condensed tomato soup

Combine the dry ingredients and mix in the grated onion. Blend in the oil and let stand for 10-15 minutes. Add vinegar and tomato soup. Beat well until the dressing mixture is thick and well blended. Makes approximately 2½ cups of dressing.

Meat added to a salad changes it to a main course dish. When this type of salad is served, a bowl of hot soup starts the meal off with a fine flourish:

Combination Salad with Frankfurters

6 frankfurters
1 can condensed vegetable soup
3 cups shredded cabbage
4 tablespoons salad dressing or mayonnaise

Drop the frankfurters into boiling water and boil 5-10 minutes. Cool and slice crosswise. Combine frankfurters, vegetable soup, cabbage and salad dressing. Chill 1 hour and serve on lettuce, watercress, or chicory. Serves 5-6.

Satire and National Life

Satire, like the poet's Lily of Malud, is born of corruption; and the "secret mud" that generates it is full of poisonous germs of suspicion, envy, hatred, malice and all unchartitableness. In the literature of a nation satire is generally one of the latest forms of self-expression to be developed and brought to perfection. For the natural impulse of literature, and especially of poetry, is the celebration of what is beautiful and revered.

Australia's Wool Production

With Australia's wool production increased from 148,300 bales 11 years ago to 238,000 bales now, the country remains its own third best customer. Only France and Great Britain purchased more Australian wool last year than did Australia.

Chemical Energy Relationships

Today chemists without having to conduct a single experiment can frequently calculate whether a certain product can be produced from new and untried raw materials, the American Chemical society reports. Energy relationships are studied to learn whether or not an untried reaction will liberate free energy. Energy has a natural definite tendency to scatter, and this tendency provides the driving force of chemical reactions.

Gasoline Taxes

American motorists paid more than $7,000,000,000 in gasoline taxes in 19 years after the first tax of this kind was levied. This is almost as much as the federal government requires for one year's running expenses.

Midway Islands Discovery

The Midway islands were discovered on July 5, 1859, by Capt. N. C. Brooks of the American-owned Hawaiian bark, Gambier, who took possession in the name of the United States. Captain Reynolds, in the U. S. S. Lackawanna, took possession formally on August 28, 1867.

Insulation Terms Defined

"Fully insulated" and "completely insulated" are two terms frequently misused, FHA officials say. "Fully insulated" means that the house is equipped with both wall and roof—or top-floor ceiling—insulation. Both new and already-built houses may be "fully insulated."

Probating Wills

It is necessary that any will which is produced must be probated. This is for the double purpose of protecting the wishes of the deceased and the rights of his declared heirs. It also assures that any government taxes will be paid.

Jefferson His Own Architect

According to the Thomas Jefferson Memorial foundation Mr. Jefferson was his own architect, not only for Monticello, but also for many other buildings that he designed.

Great Smoky Mountains

Dr. H. M. Jennison, University of Tennessee botanist, says the Great Smoky Mountains National park has nearly twice as many different kinds of trees as are found in all Europe.

Chemical Causes of Cancer

More than 50 different chemicals have been found to produce cancer in man and animals, says Collier's. Strangely enough, they have no other properties in common.

U. S. Mutton Consumption

Nearly two-thirds of all the lamb eaten in the United States is consumed north of Washington and east of Pittsburgh, an area which grows less than 5 per cent of the country's sheep.

White Collar Workers

A remarkable growth has taken place in the number of white collar workers since 1870.

Aluminum Softball Bat

A new product of the metal industries is an aluminum-alloy softball bat designed by a company in Cleveland. Weighing the conventional 32 to 33 ounces, the bat does not sting the hands because it is made of metal, and it cannot break in actual play.

Capital of Haiti

Port-au-Prince, capital of the "Black Republic" of Haiti, is an orderly city of more than 100,000 inhabitants.

African Field Hockey

Field hockey's the thing with South African women and they will send a team to England to compete in international matches.

Bicycle Baby Trailer

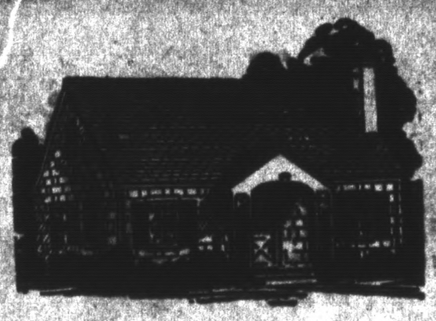
An engineering works employee at Ashtabula, Ohio, has devised a "baby trailer" to be attached to bicycles or tricycles. Mike Zalimeni, seeking a patent on his device, says the "knee-action" trailer will enable people to take the baby along on bicycle trips.

First Transcontinental Trip

The first auto to cross the U. S.—in 1901—took 61 days for the trip.

U. S. Highest Lake

The highest lake in the United States having an area greater than one-tenth of a square mile, is Tulainyo, 1½ miles northeast of Mount Whitney, Calif. It has an elevation of 12,900 feet.



IT'S NOT A HOME UNTIL IT'S PLANTED.

PLANTS

FOR YOUR GARDEN

We've started the plants growing for you; and we've grown them so carefully every one is a prize, sturdy specimen—ready to be transplanted and grown to maturity in your garden. All varieties of flowers and shrubs for your garden. Come in and see our stock. Prices are very thrifty.

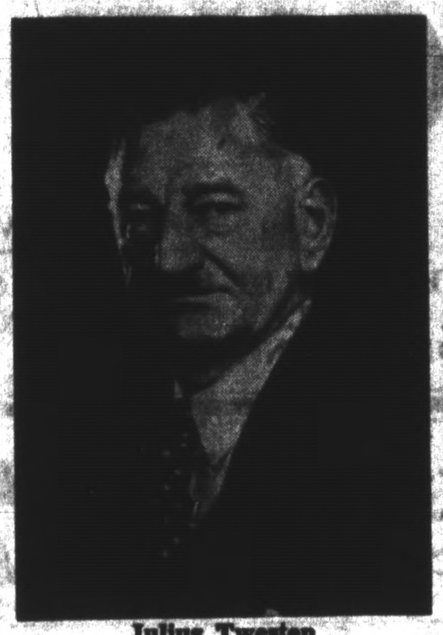
Henry Sundermann

TO THE VOTERS OF THE CITY OF DALY CITY

By Councilman Henry Sundermann and Councilman Julius Twesten



Julius Twesten

The undersigned councilmen of the City of Daly City, whose pleasure it has been to serve you for the past many years, note the prevalence of an opinion that they are in some manner involved in the present campaign for the election on April 9th. We therefore take this means of stating that neither of us is in any way involved in the campaign. We desire also to state that no member of the council nor any other individual has either the authority or the right to pretend to express for us or on our behalf any opinion or sentiments concerning the outcome of this election.

The harmonious relationships which have been recently developed on the City Council should be preserved we think, for the best interests of the city and for all concerned. We distinctly condemn any efforts of injecting personalities or abuse into the campaign, feeling that the selection of candidates to public office is finally a matter for the people to decide for themselves. For the same reason we believe that no member of the city council, except those who are running for re-election of course, should in any wise participate in the present campaign.

It is our experience that desirable as any attempt at efficiency and progress may be, the preservation of the fundamental principles of democracy is more important still and we heartily favor and endorse the thought that each and every member of the city council, regardless of political or personal affiliations, is entitled to full courtesy and information concerning the affairs of the city, at all times, as a representative of the people. With these declarations of principle, we are certain that you agree and we leave the matter of selecting the proper persons for this office entirely where it belongs, namely, with you, the voters.

From our own experience on the Board and having the best interests of the people at heart, we cannot hesitate to say that Councilmen John J. Fahey and Edmund T. Cavagnaro receive our personal, as distinguished from any official, endorsement for reelection to office.

HENRY SUNDERMANN

JIMMY JOE LEE

Shrimps served with Beer every Sun.

Mahogany Native to U. S.

Mahogany is native to the United States. It is found though only in small quantities in southern Florida on the mainland and on the larger of the keys. It is the same species of mahogany that grows in the West Indies, where it is known principally as Santo Domingo or Cuban mahogany. An avenue in Miami is lined for many blocks with mahogany trees. The average person might easily mistake them for ash trees due to the similarity of the leaves. "Mountain mahogany" is a large shrub or small tree found in the western states. It is not a mahogany but a member of the rose family. The wood is very close grained and of a rich red color. The trees are small and the wood has not the stability of mahogany.

Phosphorous Buttons

After weeks of stumbling over each other in the pitch black streets, Berliners are now wearing round buttons the size of a penny around the neck or in the button hole. Covered with phosphorous, they glow in the blackness.

Early Soil Conservation

One of the earliest suggestions of soil conservation in Massachusetts was an act of the general court in 1739, forbidding farmers to turn their live stock loose to feed on the meadows between Truro and Provincetown. Horses and cattle had eaten so much of the beach grass that the sand dunes were heading toward the meadow land.

Proper Electrical Service

The home owner, when buying electrical equipment, is cautioned by the Federal Housing administration to bear in mind the type of electrical service he is to receive, as many electrical appliance usable on direct current will not operate on alternating current. Localities where direct service is supplied are declining, but it is still a factor.

Tomato-Growing Champion

Lynchburg, Va., where Thomas Jefferson taught the public that the tomato was good to eat, now boasts a tomato-growing champion. W. E. Martin, the champ, produced a tomato plant which grew to a height of 12 feet in his back yard.

Netherlands Defensive Flooding

If the dykes in the Netherlands are open, defense flooding would damage the farm lands, and necessitate the evacuation of thousands of residents, but the water would not be sea water, it would be fresh water from the rivers, or the old Zuyder Zee, now called Ijssel lake. It would do no permanent harm.

Synthetic Koroseal

Electric transmission cables coated with a new synthetic called koroseal have been found capable of resisting the destructive ravages of the extremely corrosive gas, ozone, for periods as long as three years. Cables coated with ordinary insulating material are eaten through by ozone in three seconds.

'A Dog's Tale'

Mark Twain's "A Dog's Tale" was first published in Harper's magazine in December, 1903. Subsequently it was privately printed by the National Anti-Vivisection society. In 1904 Harper's brought out the story in book form.

Men's Trench Coats

A boom in the sale of men's trench coats is due to the "discovery of young men that their girl friends like a uniform," according to the Wholesale Textile association, of London.

Old Hatteras Lighthouse

Old Hatteras lighthouse, off the Atlantic coast of the United States, was built one mile from high water in 1870, but now the tides come within a few yards of the base.

Eight Ounce Gloves

The International Amateur Boxing federation has stipulated gloves in bouts under its jurisdiction must weigh eight ounces, the leather and stuffing not to exceed four ounces each.

London's Autumn Flowers

In the countryside around London in the fall can be found Heather and Willow Herb in flower, Travelers Joy in the Hedgerows, Convolvulus, Teazles, ivy in bloom, and plenty of blackberries and nuts for the gathering.

National Park Visitors

Travelers from 22 foreign countries, five United States possessions, the 48 states and the District of Columbia were among the 361,767 visitors to Mount Rainier National park last year. It was the second largest number of visitors in history.

Ghetto in Amsterdam

Probably no Ghetto in Europe has more American visitors than the one in Amsterdam. They come to No. 41 Waterloo Plein to see where Spinoza was born, and to the house at No. 4 Jodenbree street where Rembrandt lived for 16 years.

Package Receiver

A package receiver, installed in the wall of the kitchen, is a useful but not costly feature which adds considerably to the comfort of the family and to efficiency in the home. It has a self-locking door which opens outside and is insulated and ventilated. Another useful feature in the home is a laundry chute, particularly for homes with basement laundries and second-floor sleeping quarters. They are installed in the walls and have vertical shafts which permit soiled clothes and linen to be dropped directly to the laundry.

Crater Lake's Formation

Crater lake in Oregon was formed by a natural collection of water in an extinct volcano. This lake, which is probably the deepest in the United States, has a depth of 2,000 feet.

Money in Your Pocket

You don't have to shoot the bill collector or put in a new furnace to save on your winter fuel bill. Scientists of a major glass company have found that savings up to 30 per cent can be obtained by "window-conditioning" a house with storm sash.

Arbitrary Date Line

The International Date Line is an irregular line which is drawn somewhat arbitrarily on the map of the Pacific ocean, near the 180th meridian of longitude. This line marks the place where navigators "change their date" on the trans-Pacific voyage. The line is drawn on the map in a general north-and-south direction, separating the islands of the Pacific ocean in such a manner that all those in the east carry the same date as the United States, and those in the west the same date as Japan and Australia.
